**Video Delivery**

You can choose to receive your video digitally in high definition (MP4 file format) via secure download link or standard definition DVD shipped to you.

**Please choose one:**     High Definition Download     DVD

**Video Main Title Information**

Please specify the title to be used for your video and DVD case.

For example: "Happy 16th Birthday, Shannon"

**Video Title:** \_\_\_\_\_

**Additional Titles**

A title slide typically starts the slide show. For a wedding, this is usually the couple's name and wedding date. Additional title slides are generally used to introduce a set of pictures or to place a message at the end of the montage. For example, you may have a title that has your fiancé's name, followed by their picture set. Or you can end the montage with a sentiment such as, "Happy 10th Anniversary, Alyson & Joel. From Mom and Dad". Additional title slides are a great way to introduce each section of the slide show. Each package includes one free title (Video Main Title). Additional titles are \$3.00 each.

Additional Title Text	Insert Point

*Attach another sheet if necessary*

**Photo Captions**

Text on individual photos can be used to explain a picture or add some humor to the montage (ex. "Disney World Vacation 2001"). Please indicate the text you would like to include on the individual pictures. Each package includes free captions (Budget – 2, Bronze – 5, Silver – 10, Gold – 15, Platinum – 20). Additional captions are \$2.00 each.

Photo Number	Caption

*Attach another sheet if necessary*

**DVD Cover Photo**

Please indicate which photo that you want on cover of the DVD case (if choosing DVD option).

## Music

We can purchase your requested music on your behalf for \$1.50 per song. However, if you would prefer to send us your chosen music, simply send the CD(s) with your order. We accept burned CD copies and music files in MP3 or WAV format. Please include the appropriate amount of music for your montage. Ideally, 6 seconds is the best amount of time per photo, but this is merely a guideline. For example, a 30-picture montage would last for *about* 180 seconds or 3 minutes, but we can change the length of the montage to match the given music. While creating your DVD, if we find that a song you selected is too long for the number of pictures you have selected (each picture will show on the screen too long), we will usually fade the song out at the end of the montage. We will do our best to find an appropriate point in the song to fade, should we need too.

Please indicate below, which songs you would like us to purchase on your behalf. Be sure to indicate the number of selections on the above pricing table.

Song Title	Artist	Album Title (if known)
<i>Example:</i> All for You	Sister Hazel	Somewhere More Familiar

## Movement Style Preference

This indicates how you would prefer the photos within your montage to pan, zoom and rotate. A simple fade in / fade out-type slideshow with no movement; an elegant, slow movement for a "romantic" look; exciting, faster movements for a "lively" look, or a mixture of different styles.

**Please choose one:**     Simple slideshow     Romantic     Lively  
 Mix     I'm not sure, you decide

## Deadline

Our typical turnaround time varies by time of year and current workload. If this is for a wedding, birthday party, or any other time-sensitive event, please let us know the event date and the date you need the project to be received by.
